

Technical Data Sheet

TRIENS S-series reels

Description

The S-series reels from TRIENS is a high quality hose reel mainly dedicated for Air, Water and electricity. This model is the evolution of the 50 years old iconic model from our brand.

- Robust and Modern design (best design award)
- High quality PU Hose for Air
- Suitable for Air and Water, also exists for electricity
- Can be supply with 3/8'' or 1/4'' Hose for Air
- Pivoting bracket include
- Easy-change Hose system

Applications

This hose reel can be used for Air, Water but also Electricity He can be easily hang at the ceiling or can be wall-mounted.

He can also integrate our SBB boxes but also our Twinkle Boxes

Strong and resistant, he can be installed in many different area., including your workbench

Attention

Using the Hose reel in applications other than those described in this datasheet could result in possible reel failure.

Technical Data

Hose Reel for air								
Model	Outlet Hose						Inlet hose	
	Size	Material	Fitting	ID	Lenght	Working pressure	Fitting	Lenght
SHS210Z	Small	PU	1/4"	6.5 mm	10 m	14 Bar	1/4"	0.8m
SHS213	Small	PU	1/4"	6.5 mm	13 m	14 Bar	1/4"	0.8m
SHS310	Small	PU	3/8"	8 mm	10m	14 Bar	3/8"	0.8m
SHM215	Medium	PU	1/4"	6.5 mm	15 m	14 Bar	1/4"	0.8m
SHM313	Medium	PU	1/4"	8 mm	13m	14 Bar	3/8"	0.8m
SHR20Z	Large	PU	1/4"	6.5 mm	20m	14 Bar	1/4"	0.8m
SHR35Z	Large	PU	3/8"	8 mm	15m	14 Bar	3/8"	0.8m

Hose Reel for Electricity							
Model	Outlet Hose						Inlet hose
	Size	wires	Awg	Voltage	Lenght	Amp	Lenght
SCS310	Small	3	1.5 mm ²	125/250	10 m	6	0.8m
SCS313	Small	3	1.5 mm ²	125/250	13 m	6	0.8m

Hose Reel for Water								
Model	Outlet Hose						Inlet hose	
	Size	Material	Fitting	ID	Lenght	Working pressure	Fitting	Lenght
SWR310	Small	PVC	3/8"	8 mm	10 m	20 Bar	1/4"	1 m
